

Welcome Home...

...to security, comfort and peace of mind.

Some of the best times in life are the ones you spend right in your own house. The very first rainy night you slept there—as a brand new homeowner. The birthdays and holidays. The memories and milestones.

As long as you're spending some of your most memorable moments in your home, make sure you spend enough time choosing the right security system. One that watches over your property and the people you love—when you're home and when you aren't. Count on Honeywell. Our products do more than keep you safe...they can improve household communication, make your home more comfortable and provide a level of simplicity and convenience you'll really appreciate.

Best of all, they can enhance the quality of your family's life. And what could make you feel more secure than that? Welcome home to peace of mind.

Security Made Simple

All Honeywell keypads are easy to use and put security at your family's fingertips. Choose from standard or wireless versions, keypads that speak or sophisticated graphic touchscreens.

Picture Perfect Security

For the ultimate peace of mind, view cameras anywhere around your home from any television or on your computer over the Internet.

Pet-Friendly Protection

Our "pet-immune" sensors let animals move about freely but can still detect an intruder's movement.

The Ultimate Protection

Reliable wireless smoke and heat detectors provide the ultimate protection of life and property.

You're in Control

Portable wireless remotes let you control your security system with push-button ease and conveniently announce system status in plain English. You can also enjoy the comforts of home automation with systems that offer easy fingertip control of indoor and outdoor household lighting, garage doors and select appliances.

The Clear Choice

Honeywell's glassbreak detectors enhance the effectiveness of your security system by helping keep intruders where they belong...outside. They also provide shatter and shock protection for your windows—preserving the beauty of your home while protecting it.

Bring Your Home to Life

Honeywell's structured wiring technology can actually bring your home to life—making it more enjoyable and convenient than you've ever dreamed. You'll have access to the most advanced entertainment, security, communications, computer networking and home control features at your fingertips.
